Seattle, WA – November 1, 2017

The Truth is Funny is an entertaining vehicle for providing energetic shifts and sharing information gathered from my life experiences and the experiences of others that have dared to think out of the box and step into their infinite potential.

The majority of humans throughout history have failed to rise to their infinite potential. The Truth Is Funny raises the bar for humanity by providing energetic shifts for consistent results of success in fitness, relationships, finances, purpose, career, youthfulness, time and health.

The Truth Is Funny is about simultaneously providing energetic shifts and sharing my life experiences to inspire each and every listener to shine their own brilliance and ensure their success. The Truth Is Funny Many people who shift out of outdated limiting truths break into peals of laughter as they recognize the humor of how seriously they have participated in what just might be a giant cosmic joke...

My goal is to inspire and empowerment each listener to be an expert in steering our planet towards more fun...less struggle and suffering. This show provides inspiration for humanity to dance the Wild Dance of Peace.
